Apartment Owners Protest New Gas Billing

LITTLE ROCK (Special)—The Arkansas Gas Service Commission decision, with Public Service Commission approval, to revise its billing procedure for multiple-unit dwellings where the gas service for all apartments is registered on a single meter was reached "in order to keep from discriminating" between users and to "make each family pay the same rates," a company executive said today.

"I think there's equity in it," Joe Hardin, vice-president and general manager of the company's Arkansas Division, added, when he was asked about the revision which has raised a storm of protests from Hot Springs apartment-house owners. He said it was just a case of the company's trying "to do the most good to the most people."

Under the new procedure the bill for an apartment on a single meter will be figured in this manner:

(a) The domestic rate minimum charge, \$1.10 per month, which also pays for the first 1,000 cu. ft. of gas used, will be multiplied by the number of dwelling units connected to the same meter.

(b) Under the domestic rate schedule the next 9,000 cu. ft. of gas used on a single meter is charged for at 47 cents per 1,000 cu. ft., and all over 25,000 cu. ft. at 27 cents per 1,000 cu. ft., in the case of the multiple-dwelling unit on a single meter, however, the 9,000 cu. ft., "block" would be multiplied by the number of dwelling units.

As an example, a building with 10 dwelling units on a single meter would have to use 10,000 cu. ft. of gas (the first 1,000 cu. ft., at the minimum charge plus 90,000 cu. ft.) before it qualified for the lower rate in the next "block."

The difference in an apartment-owner's monthly billing under the revised procedure, can easily be figured.

The single-metered building with 10 apartments, if it used 30,000 cu. ft. of gas in a month, would pay under the old system, \$1.10 for the first 1,000 cu. ft., (the minimum), plus \$4.23 for the next 9,000 cu. ft., at 47 cents, plus \$5.55 for the next 15,000 cu. ft., at 37 cents, plus \$1.35 for the next 5,000 cu. ft., at 27 cents, a total \$12.23.

Under the new billing procedure, the minimum \$1.10 charge would be multiplied by the number of units (10), to make it \$11, which would also pay for 10,000 cu. ft. of gas. The next 20,000 cu. ft., used would be charged at the 47-cent rate, to make the cost \$9.40, or a total \$20.40, for the same amount of gas for which the company under the system in use until this month would have charged \$12.23.

The only alternative for the apartment house owner in this position is installation of separate meters for each unit, a proposition which was not relished by Hot Springs owners who deal with tourists. Apartment operators contend this would be costly in any instance and also pointed out they would still be paying the minimum rate multiplied by the number of units unless they had the meters disconnected while the apartments were not occupied.

It was denied that the revised billing procedure in effect accomplished a rate increase. Hardin said that the revision was instituted, not only in the interests of equity among customers but as a bulwark against the company having to seek general rate increases.

The Public Service Commission in effect approved the revised billing procedure when, in an order dated March 29, it approved standard rules and regulations to be effective April 1, filed with it by the gas company on March 28. The order noted that "prior to March 28, 1956, representatives of the company had several conferences with the Commission and also the staff with respect to the revision, . . . and the filing is in accordance with the results of these conferences."

The new rules, which superseded a filing on December 31, 1944, and a supplemental filing on December 27, 1955, included the controversial multiple-billing feature. Public Service Commission staff members pointed out that it was derived from a provision in the Public Service Commission's rules and regulations for utility service which were also only recently adopted and effective as of March 8, 1956. The PSC regulation reads as follows:

"Separate customer premises"

Local Poultry Group Elects New Officers

Mrs. L. D. Springer was elected president of the Hope Poultry Producers Association in a meeting held last week at the Experiment Station lake. Malcolm Hinton was named vice-president and Mrs. T. D. Jones, secretary-treasurer.

Relationship of grower, feed dealer and hatchery to poultry production was the subject of a panel discussion. The panel included Cecil Thompson of Western Hatchery of Texarkana, Paul Hunter, Quaker Oat Co. representative, L. W. Widders, of Farmer Hatchery of Fayetteville, Jack Lowe of Hope, Lester Huckabee of Hope.

Barbecue chicken, furnished by Western Hatchery, was served to the group. New members include Mr. Mrs. Bill Houston, Mr. Mrs. Gene Bruick, Mr. Mrs. E. H. Barlow, Mr. and Mrs. Cecil Thompson.

New Gymnasium at Yerger to Be Dedicated

On Sunday, May 13, at 2:30 p. m. the Harris Gymnasium on the campus of Yerger High School will be dedicated.

The completion of this building at an approximate cost of \$72,000 and the completion of classrooms in the Yerger School System since 1950 represent an expenditure of upwards of \$250,000.

The new gymnasium brings to realization the dreams and hopes of the school and community for a general community building and an auditorium large enough to accommodate any of our community programs.

Much praise is due the Citizens of Hope, the school board and the Superintendent of Schools for the facilities that have been provided for the school population and the program of education they have set up for this district.

All citizens are invited to attend this dedication exercise and also visit in the other school buildings. The program is as follows:

Dedication Program

Music — Yerger High School Band

Organ Prelude

The National Anthem — Francis Scott Key

Walks Into Glass Petition at Bank

Thomas B. Fenwick narrowly escaped serious injury this morning when he walked into a glass petition at Citizens Bank, shattering the plate glass. He suffered minor cuts. The petition was along side a glass door just inside the rear entrance to the bank which is currently undergoing extensive remodeling.

Distance to Opera House Is Short for Some But Took 10 Long Years for Robert Merrill

BY HAL BOYLE
NEW YORK (AP) — It takes just 15 cents and a few minutes to get by subway from Brooklyn to the Metropolitan Opera House in Manhattan.

It took Robert Merrill 10 hard and often lonely years to make the journey but at 27 he came as a star. He was the youngest baritone ever to make his debut at the Metropolitan in a major role.

Good operatic baritones are almost as scarce as penguins in Florida. Merrill, son of a Brooklyn laborer, is one of the best America has produced. Like most opera stars Bob is proud to call himself "a long-hair," but doesn't let his hair fall over his eyes and blind him

Action Flares on 3 Fronts — Fighting in Algeria, Along Gaza Strip, on Cyprus Isle

JRUSALEM (AP) — Fresh bloodshed was reported today in incidents on both sides of the Israeli-Arab frontiers, despite the April cease-fire orders.

The Egyptians said an Israeli patrol bayoneted an Arab farmer to death 70 yards inside the Egyptian-held Gaza Strip and fired on Arab guardsmen who approached the site, wounding one.

The Israelis announced an Arab infiltrator had fired on an Israeli patrol south of Jerusalem, in an area not far from the Jordan border, and was killed in an exchange of shots.

The story of the bayonetting, on which Egypt complained to the Mixed Armistice Commission, was told by an Egyptian military spokesman in Gaza.

Egypt also complained that an Israeli plane had violated Egyptian air space over Gaza. Sabotage of the Beersheba-Tel Aviv railway line was reported by an Israeli army spokesman in Jerusalem. He said the line was blown up last night at a point three miles north of Beersheba. The line is an artery of commerce between Israel's Mediterranean coast and the Negev. Historic Beersheba lies about 15 miles west of Jordan's frontier and 25 miles east of the Egyptian-held Gaza Strip.

The army spokesman said he had no details on the blast.

Industrial Users Protest Ark-La Hike

LITTLE ROCK (AP) — Large industrial users of natural gas and the federal government contended in Pulaski Circuit Court today that a \$4,000,000 a year rate increase granted Arkansas Louisiana Gas Co., was discriminatory.

The protesters are appealing the Public Service Commission's decision Nov. 3 that gave the gas company higher charges against large industrial users. Hearing on the appeal opened today before Circuit Judge J. Mitchell Cockrill.

In the appeal, the plaintiffs contend that the evidence presented to the PSC did not support the higher rates, and that it was unconstitutional on grounds the increase was discriminatory.

The plaintiffs are Aluminum Company of America, Columbia Gas, Carbon Co., International Paper Co., Monsanto Chemical Co., Acme Brick Co., Magnet Cove Barium Corp., Malvern Brick & Tile Co., National Lead Co., Reynolds Metals Co., and the federal government on behalf of the Pine Bluff Arsenal and the Naval Ammunition Depot at Shumaker, near Camden.

Named as defendant is the PSC. The gas company has intervened in behalf of the commission.

County to Buy Steel Bridges

Herbert Eldridge, director of highways, was authorized today by the State Highway Commission to transfer title of scrap steel from two bridges that are being replaced in Hempstead County to the County at the current price for scrap steel.

The bridges are on Highway 73 and the steel in the narrow bridges that are being replaced is unsuitable for further use by the Department.

County Judge U. G. Garrett had requested that he be allowed to purchase the steel, weighing approximately six tons, for use on the County road system.

Teacher Ethics, Subject of Meet of Educators

"Ethics for Teachers" was discussed by Principal James Stewart of Hope High School in the final meeting of the year of Hempstead County Classroom Teachers Association held this week at Paisley school.

He pointed to the code as set up by the National Education Association and stressed cooperation within the profession in setting up favorable relation with parents and community.

New officers elected were Mrs. James McLarty, president; Mrs. B. N. Holl, vice-president; Miss Gwendolyn Dean, secretary and Mrs. Vera Reaves, reporter.

House Likely to Approve Defense Bill

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — The House appeared certain today to pass without major changes a bill to give the Defense Department \$33,665,066,000 in new money for the coming fiscal year.

A day of debate yesterday disclosed no major opposition by the opponents recommended by the Appropriations Committee for the Army, Navy and the Air Force. A few members voiced belief that some of the \$312,784,000 chopped by the committee from President Eisenhower's requests should be restored.

But Rep. Mahon (D-Tex.), floor manager of the bill, told newsmen he didn't believe the House would make any major alterations.

Mahon jolted his colleagues by his opening remark that the United States and Russia have "just reached the point where each has 'the full capability to destroy the other.'"

The opposing world powers, he said, are on the threshold of "atomic plenty" and are moving toward a position of "mutual deterrence."

Here's Amount the Farmer Can Expect

WASHINGTON (AP) — How much money would a farmer expect if he participated in the proposed conservation reserve plan?

This is the long-range section of the soil bank plan whereby farmers would take land out of production for from three to 15 years and place it into such conservation use as grass or trees.

The House Agriculture Subcommittee made public yesterday a list of tentative average annual conservation reserve payments the Department of Agriculture originally proposed to make in each state for an acre taken from production.

However, a department spokesman said that under the new farm legislation being considered by Congress these averages would be from two to four dollars higher. Subject to that qualification, the list included:

Tennessee, \$9; Mississippi, \$9; Arkansas, \$9 and Louisiana, \$9.

Plane Loses Rockets, 3 Persons Hurt

MOUNT CLEMENS, Mich. (AP) — A jet plane's 22 deadly rockets shot over a two-mile area today, injuring three Air Force men and endangering residents near Selfridge Air Force Base.

Two hours after the missiles were accidentally ejected from an F8D Sabre Jet on the ground at the base, Macomb County Sheriff Harley Ensign reported "all the rockets have been accounted for."

One of the rockets hit a civilian home a mile from the base, narrowly missing a baby's crib. Another shot through a building on the field, injuring two airmen. Another airmen standing at the rear of the plane suffered first and second degree burns from the heat of the rocket discharge.

Sheriff Ensign said two of the rockets exploded. One set a small fire at the home of Jack Dewey. A fragment hit a window six inches from the crib of a baby who had been removed minutes before.

Selfridge officials said none of the rockets exploded. They said damage was caused by impact at the speed at which the missiles travel. The rockets carry a 75mm warhead.

Police and airmen sealed off a two-mile area south of the field until they could recover the unexploded rockets.

AHC Programs \$4 Million in New Jobs

LITTLE ROCK (AP) — The Arkansas Highway Commission yesterday added around four million dollars worth of jobs to its programs and said the construction would be placed under contract as soon as plans can be provided and right of ways obtained.

Of the total, around 1 million dollars will be spent in Prairie Monroe, St. Francis and Crittendon of U. S. Highway 70 between Little Rock and Memphis.

Thirty-eight projects for a total of \$256,000 were approved for seal coating of present pavements and dust proofing of other roads. That brings to more than \$800,000 the amount allotted for that purpose this year.

Before starting on its program, the commission awarded contracts for 25 road and bridge jobs on low bids totaling around \$3,365,000.

The agency also:

Promoted Clarence A. (Bill) Shumaker from officer manager of the Highway Department to the newly created position of assistant chief engineer; shifted Right-of-Way Engineer Eugene F. Nelson to office engineer and put General Counsel William R. Thrasher in charge of the consolidated Legal and Right of Way Divisions.

Asked the American Association of State Highway Officials to redesignate state Highway 10 as part of proposed U. S. Highway 368, which would extend from Little Rock to Amarillo, Tex.

Voted to establish an area headquarters near Gov. Orval Faubus' hometown of Huntsville on 2.41 acres donated by the community.

Dismissal Appeal Is Rejected

LITTLE ROCK (AP) — The Arkansas Merit System Council yesterday rejected Dr. Frances Bencke's appeal of her dismissal from the state Welfare Department and ruled that Welfare Commissioner Carl Adams was "within his legal rights" in discharging her.

Dr. Bencke, ousted as director of the department's Crippled Children Division, did not comment after the decision was announced.

Faubus Tried to Get Hospital Jobs for Friends

LITTLE ROCK (AP) — The Faubus administration was attempting to direct patronage jobs at the State Hospital in March 1955, the Arkansas Democrat said today.

The newspaper said it had received a photostat of a letter from the office of Gov. Orval Faubus requesting that four people be fired and be replaced with persons recommended by the governor.

The request was refused by Faubus White of Osceola, former member of the board, who stood fast against changes for political reasons, the Democrat said.

The letter was written on the governor's office letterhead, dated March 20, 1955, and signed by J. L. Bland, then Faubus' executive secretary, the paper said it was addressed to Dr. Euclid Smith of Hot Springs, then chairman of the hospital board. Smith still is a member of the board, but no longer chairman. White's term on the board expired last January, and he was not reappointed.

The Democrat's story came in the wake of a controversy started by Faubus several weeks ago when he issued a list of complaints about the operation of the institution.

Several top personnel at the hospital have resigned recently, the latest being Dr. E. H. Crawford who yesterday handed in his resignation as hospital superintendent.

The Democrat said that while it has only one photostat in its possession, it was reported there are "10 or 15 others" in the hospital files.

Good Buys in Veal, Pork, Poultry

By The Associated Press
Food shoppers will find good buys this week in veal, ham, pork and poultry. Beef prices, however, are heading higher.

Supermarket chains have added two to four cents a pound to their posted prices for beef sirloin. In some cities, prices of beef rib roast are up as much as six cents a pound.

Lamb prices are on the upgrade, too.

Cheeriest news for the bargain-conscious housewife is in the poultry department, where chickens for frying and broiling offer outstanding buys this week. Prices are down as much as four cents a pound in several major cities. Turkey, also figures prominently among "specials" this weekend.

Behind the downward price trend is record consumption. In the first three months of 1956, Americans devoured 825 million pounds of chicken and turkey. That's an increase of 13 per cent over the first quarter of last year.

President Ready for Examination

By MARVIN L. ARROWSMITH
WASHINGTON (AP) — President Eisenhower enters the Army's Walter Reed Hospital here this evening for a new physical examination.

The results are bound to figure in the presidential election campaign, since Eisenhower said yesterday the examination will include a study of the condition of his heart in the light of the coronary thrombosis he suffered last Sept. 24.

Eisenhower's doctors plan to start the examination tomorrow morning. Eisenhower is scheduled to leave the hospital Saturday noon and the White House intends to make public a report later that day.

Highway Social Security Tax Hearing Set

Little Rock, (Special). Attorneys for the Highway Commission today were advised by the office of the Pulaski chancery clerk that Second Division Chancellor Guy E. Williams would conduct a hearing June 11 on the Commission's suit to prevent Social Security taxes from being charged against the Highway Department's appropriation on 1955 payrolls.

Attorney General Tom Gentry will represent the defendants, Comptroller Kelly and Treasurer J. Vance Clayton. Cornett, on instructions from Governor Faubus entered into an agreement with the federal Social Security Administration, without notice to the Highway Commission, whereby the Social Security taxes — four per cent on payrolls up to \$4,200 annually would be retroactive to January 1, 1955.

Half the tax is due from the Highway Department, half from the employees. If the retroactive agreement stands, approximately \$280,000 will be payable to the federal government. Just how the employees' part would be recovered by the Highway Commission has not been announced.

The Commission brought the suit when Comptroller Cornett directed Treasurer Clayton to transfer a part of the retroactive taxes from the Highway Department Fund to the Social Security Tax Fund. The Commission contends the comptroller lacks authority to disburse Highway Department funds without Commission approval.

Mercury Still Climbs Over Arkansas

By United Press

The mercury continued its slow climb in Arkansas yesterday, and was expected to do likewise today.

Highs Wednesday were in the mid and high 80's to low 90's, throughout the state, and lows today mainly in the high 60's and low 70's.

The forecast said it would continue partly cloudy and warm through Saturday with a possibility of widely scattered thunderstorms in the northwest portion late Friday or Friday night.

Highs today were expected to be in the high 80's in the northeast portion, in the high 80's to low 90's in the central, southeast and northwest portions, and near 90 in the southwest. Lows tonight were expected in the mid to high 60's in the northeast portion and in the high 60's to low 70's elsewhere in the state.

Camden had a state high of 92 yesterday, and Fort Smith had 91. Other maximums ranged downward to 83 at Batesville, Mountain Home and Walnut Ridge. Lows today ranged from 62 at Mountain Home upward to 72 at Morrilton and Texarkana.

At 10:30 a. m., the skies were cloudy throughout the state, and temperatures had risen to 75 at Little Rock, 78 at El Dorado, 77 at Blytheville and Fayetteville, 78 at Walnut Ridge, Pine Bluff and Memphis, 80 at Flippin, and 81 at Fort Smith.

Prescott has started work on its new swimming pool, the first phase of which will cost about \$14,500.

The Third District Livestock Show Coliseum is really getting a face lifting. . . these new concrete and steel bleachers will be a big improvement. . . some suggest another turkey and ham shoot which has been the means of raising money for the project so far.

Members of the High School band yesterday elected David Spillert, Captain; Wells Nutt, Lieutenant; Jerry Kidd, material Sergeant; and Mary Eppler, personnel Sergeant. . . Director Thomas Cannon selected as his student director, Delmer Welton and Jerry Wilson as drum major.

Possible Russia Cutting Forces, Dulles Declares

By LEWIS GULICK

WASHINGTON (AP) — Secretary of State Dulles said today it was quite possible the Soviet Union has cut its armed forces and may reduce them more. But he said the purpose is not peace and the free world must keep its guard up.

Winding up the administration's appeal to the House Foreign Affairs Committee for a \$4,000,000,000 foreign aid authorization, Dulles said nothing has yet happened in the world situation to make it "prudent to terminate or curtail" the program.

Chairman Richards (D-SC) has said the committee must cut the authorization by as much as 1½ billion dollars.

Dulles said there are some "germs of high favorable developments" in Russia. Speaking of open newspaper debate on Stalin and other issues, Dulles said these might indicate some concessions to public opinion by the Soviet leaders.

Chapter AE of P. E. O. Met With
Mrs. C. V. Nunn Sr.
The home of Mrs. C. V. Nunn Sr. was beautifully decorated with roses for the regular meeting of Chapter AE of the P. E. O. Sisterhood, Tuesday afternoon. Mrs. Jewell Perkins and Mrs. C. C. McNeill served as co-hostesses.

The President, Mrs. Henry Haynes conducted the business session at which time reports of committees were given. The program of the afternoon consisted of reports of the State Convention held last month. Mrs. Henry Haynes and Mrs. Jim McKenzie reported on the business transacted by the convention, and Mrs. W. Y. Foster and Mrs. Mildred Trotter contributed sidelights on the social affairs.

At this convention, Mrs. Franklin Horton was elected to the office of Corresponding Secretary of the state chapter for one year. Following the program the hostesses served sandwiches and sherbet from a lavishly appointed tea table, at which Mrs. Haynes presided. Sixteen members and one guest, Mrs. P. L. Perkins enjoyed the social hour.

Beacon Sunday School Class Meeting
Mrs. Wilton Garrett was hostess to the Beacon Sunday School Class of the First Baptist Church, Tuesday night with Mrs. Cecil Delaney as co-hostess.

The President, Mrs. George Thompson brought several items of business before the group for discussion. After the devotional on "Prayer" by Mrs. Cecil O'Steen the members presented made cards to go on patients trays at the Hospitals. Each card contains a Bible verse, a colorful flower and the name of Sunday School class. This is one of the projects for this year, and the other is bringing donations of canned foods for the grocery basket at the church.

Spring colors were carried out in the flower arrangements used and also in the refreshments of cake and iced drinks. Besides those mentioned the following were present; Mrs. L. E. Boothe, teacher; Mrs. A. D. Glass, Mrs. Bill Groves, Mrs. Jim James, Mrs. Billy Ray Seale, Mrs. Bob Fisher and Mrs. Herbert Valentine. Associate members Mrs. Jewel Moore and Mrs. Pod Rogers were also present.

Mrs. David Waddle
Installs Oglesby
P. T. A. Officers

The regular meeting of the Oglesby P. T. A. met in the School auditorium on May 9, at 3 p. m. with 28 present.

The meeting opened by the 1st and 2nd grade singing, "Mother" and presenting roses to each mother present.

The business session was called to order by the president, Mrs. Frank King, and the minutes were read and adopted. The treasurer gave her report, and announcements were made as follows: School picnic dates are May 17-18; Mrs. Brown's piano recital May 18; pre-school clinic May 10 and 11. County-wide GACC meeting May 22, at 7:30 p. m. Junior High auditorium.

A room count was made and Mrs. Williams 2nd grade won the dollar.

A report from the P. T. A. State Convention was given by the president, Mrs. King. The officers were installed by Mrs. David Waddle and the meeting adjourned.

Mrs. J. M. Houston
Entertains Circle No. 2
Circle No. 2 WSCS of the First Methodist Church met in the home of Mrs. J. M. Houston for their May meeting. Mrs. Bob Cain served as associate hostess.

Mrs. Ross Moore, chairman of the circle presided over the business session and read a list of the chairmen and officers for the new year.

During the program completion of the study on, "Introduction to Five Spiritual Classics" was brought by Mrs. B. W. Edwards and Mrs. C. D. Lester. The hostess served a tasteful sandwich plate with iced drinks to 18 members and two visitors. Mrs. Ethel Davis of San Diego, Calif., and Mrs. Floyd Ellis of Cleburn, Texas.

Last Meeting of Garland P. T. A. For This Term

Garland P. T. A. met Wednesday afternoon at 3 o'clock in the School auditorium.

President, Mrs. James Pilkinton presided over the short business session after which officers for the new year were installed by Mrs. Oliver Adams, guest, in a most impressive service.

Meeting adjourned and refreshments were served by the Garland Hospitality committee.

Buddy Sutton Signs With Colts

BALTIMORE (AP) — A signed
contract received today from Air
Force Lt. Buddy Sutton provided
the Baltimore Colts with enough
candidates to field one all-military
team next season in the National
Football League.

Sutton is the 14th player to be
signed this year upon the verge
of being discharged from military
service.

His football draft dates back to
1953, when the Colts made him
their 15th choice after he had
been co-captain at the University
of Arkansas.

Other top notch draft choices of
the Colts coming out of service
are Billy Vessels and Buck Mc-
Phail of Oklahoma, Don Chell of
Iowa, Jack Alessandrini of Notre
Dame and Glenn Turner of Geor-
gia Tech.

SWC Expected to Add Tech, Lift A&M Ban

By HROLD V. RATLIFF

FAYETTEVILLE (AP) — The South-
west Conference may add Texas
Tech as a member and remove a
probation hanging over Texas
A&M but it won't be troubled
with recruiting problems for the
first time in years when it meets
here this weekend.

A year and a half ago things
were in such bad shape the con-
ference issued a statement that il-
legal activity in recruiting and
subsidization was threatening its
very existence. A half-year later
it placed Texas A&M on 2-year
probation for violating the recruit-
ing rules.

But when the faculty committee,
governing body of the conference,
opens its spring meeting tomor-
row morning it won't have even
a rumor of violation of the rules.
Dr. E. D. Mouzon of Southern
Methodist University, conference
president, said today.

"As far as I know recruiting
this year has stayed with the rules
closer than any other year in the
history of the conference," he de-
clared.

Texas A&M has adhered to the
rules so closely since it was hand-
ed the probation that Dr. Mouzon,
who was one of A&M's strongest
critics, said he would support a
motion to remove the ban. He re-
vealed that he also had tried to
get the NCAA to lift its probation
on A&M but got only a promise
that it might consider it at the
next meeting of the council in August.

The NCAA handed A&M a year's
probation several weeks ago on
similar charges to those that
prompted the conference to act
against the Aggies. Dr. Mouzon
added that he had managed to
soften the NCAA's penalty some.

"A&M has done a fine job of
clearing itself, has faithfully ab-
ided by the rules and deserves to
have the probation lifted," he de-
clared.

Texas Tech and the University
of Houston will be presented for
membership in the conference. In-
dications are that Tech will make
it after 30 years of trying. Hous-
ton isn't accorded much chance
at this time.

Tech claims to have at least
five votes that number is neces-
sary for the big West Texas col-
lege to gain admittance.

Patterson and Jackson to Fight June 8

By JACK HAND

NEW YORK (AP) — The master
plan calls for Floyd Patterson to
box Tommy (Hurricane) Jackson
June 8 with the winner fighting
Archie Moore for the vacant
heavyweight title in September.

The Patterson-Jackson match
was signed yesterday for Madison
Square Garden as part of the usu-
al Friday night radio-television se-
ries.

Unless something startling oc-
curs in other elimination bouts,
the Patterson-Jackson winner prob-
ably will go against Moore this
fall. Of course, Archie still has
his June 5 date in London where
he must defend his light heavy-
weight title against Yolande Pom-

py.

It remains to be seen how the
various boxing commissions will
react as the tournament pro-
gresses. Perhaps New York may
recognize one champion and the
National Boxing Association an-
other.

For months people have been
asking about Patterson. "Who did
he ever beat?" The answer had
to be "not much." Patterson could
do nothing but listen and burn up
inside. Now that the match has
been made, he has an out.

"People have been talking about
me," he said. "How I never
tought a ranked heavyweight. If I
win this fight, they can't talk like
that any more."

"I'm really sorry Rocky Mar-
ciano quit. So many people wanted
me to fight him, it would have
been more like a real champion-
ship instead of a tournament."

What did he think of Jackson,
his old friend?

"We used to be good friends,"
he said. "Even trained together

Practical Nurses Meet

The Hope division of Practical Nurses met on Friday evening May 4, in the Dining Hall of the Hempstead County Memorial Hospital.

A very interesting session was held with several important items of business coming before the group. The secretary reported sending \$2.00 to Mrs. Gephart as a gift from the organization.

Various committees were appointed and time and place of meeting set for the first Thursday night of each month at the City Hall.

Mrs. Ramy Garland
Hostess To
Emmet W. S. C. S.

The W. S. C. S. of the Emmet Methodist Church met Monday evening May 7, at 7:30 in the home of Mrs. Ramy Garland. Beautiful arrangements of roses and sweet peas decorated the entertaining rooms.

Mrs. Denman Wylie, president, conducted a short business session, and Mrs. Joe Hunter had charge of the program for the evening; using as her subject, "Our Community and World." She used as her scripture Romans 15:1-6 and those assisting Mrs. Hunter with the program were: Mrs. Shelby Jones, Mrs. Otis Townsend and Mrs. Scott Ross.

At the close of the program the hostess assisted by her little son Tommie, served frosted drinks and cookies to the 15 members.

Beta Phi Meeting

The Beta Phi Chapter of Beta Sigma Phi met Tuesday at 7:30 p. m. in the Chamber of Commerce office. The opening ritual was repeated in unison.

Miss Aileen Jester, president, conducted the business session and minutes were read and the roll called by the secretary. A committee was appointed to meet and plan a social for Mother's Day.

Following the business session, Mrs. Mable Hanson, Program chairman, presented the cultural program. Miss Marlene Russell gave a talk on "Introductions" and Miss Jackie Foreman gave a talk on "Invitations." Mrs. Inez Compton conducted the first pledge training program.

The meeting was adjourned with the closing ritual.

Personal Mention

At the annual meeting of the Arkansas State Chapter of the P. E. O. Sisterhood in Rogers, Arkansas, April 28-29, Mrs. Franklin Horton was elected to the office of Corresponding Secretary of the

State Chapter. Mrs. Horton has just completed a year as State Treasurer, and has served her local chapter in several capacities, including the presidency.

pranos usually turn into baritones or even basos. It is the altos who become tenors.

Merrill has a theory that many young singers, even after they reach physical maturity, destroy their voices by overworking them too hard too early. "They try to go after a fast buck too soon. For three years I sang nothing but simple Italian love songs before I appeared before an audience. I was working in a belt factory for \$10 a week. I was paid \$7 for singing four songs at a wedding reception. The \$7 didn't impress me so much as the fact I got a free dinner too."

"In those days I used to buy a dime sandwich at a luncheon counter, then go out and buy a 50-cent cigar just to have a feeling of luxury."

"But it wasn't until I had ten full years of voice study that I felt ready to appear before an opera audience. It's dangerous for a kid to go up into the big leagues too fast. Opera is good demanding."

Merrill now does about 30 opera performances a year, 10 to 15 guest spots on television, about 20 concerts and spends three weeks in Las Vegas, where he usually is costarred with — of all people — "Satchmo" Armstrong, the jazz trumpeter.

today in grim retaliation for continuing coordinated attacks on European farms and military posts.

Heavy rebel losses were claimed as French forces fanned out in counterstrikes against the raiders, but slashed communication lines hampered any accurate estimate of casualty totals.

The Arab nationalists did not let up in their own campaign of hit-and-run arson and assassination. Fragmentary reports said at least 14 persons were killed by rebels in attacks on some 46 towns and military stations in eastern Algeria.

In Western Algeria, where the rebels opened their concerted offensive Sunday, French authorities said strong counterattacks had taken the lives of at least 200 rebels. Twenty Europeans were reported killed and some 40 farms burned in the original nationalist assaults in that sector.

NICOSIA, Cyprus (AP) — British authorities hanged two 23-year-old Greek Cypriots today for political shootings. The death sentences were carried out at dawn despite international clemency appeals and the threat of bloody rioting on this tense island colony.

Michael Karaolis and Andreas Demetrius went to their deaths behind the closely guarded walls of Nicosia's big Central Prison. Fellow Greek Cypriots had

twice a day.

What is the difference between a baritone and a tenor?

"That's easy," said Merrill laughing. "The tenor usually wins the girl in the opera. The tenor usually gets paid more money but baritones have one consolation. They usually last longer than tenors."

But Bob is doing all right. His income is high in the six figure bracket.

through the island's churches praying for an 11th-hour reprieve.

The pair were the first Greek Cypriots executed by the British in a fight against the 13-month-old violence campaign for Enosis — union of Cyprus with Greece. The British-Cypriot fight has cost 92 other lives on Cyprus, including 27 British soldiers and 12 Cypriots policemen.

As the first Enosis fighters to be executed, Karaolis and Demetrius were assured of martyrdom in the eyes of Greek Cypriots and the Greeks. Karaolis was convicted of slaying a Nicosia police constable, Demetrius of shooting a British businessman who recovered.

Fearing a repetition of the bloody riots which killed at least three persons and seriously injured 142 in Greece yesterday, armed British troops patrolled every island community.

In Athens, news of the executions brought no immediate new violence, but a armed security forces stood ready for new trouble. Barbed wire barricades already had been thrown around the British Embassy and rolls of wire were ready near U. S. installations.

WASHINGTON (AP) — Employment jumped 900,000 last month to a new April record of 63,990,000 while joblessness dropped by 270,000, the Labor and Commerce Department reported today.

The unemployment total dipped to an estimated 2,564,000, the department said, even though joblessness among auto workers increased and unemployment among factory workers generally failed to show the normal springtime decline.

The gain in total civilian employment was 912,000 from March.

BEER PAYS \$1,159,933 TO TRAVEL In Arkansas

The beer industry in Arkansas is worth more than \$1 million annually to people who sell cars, trucks, oil and gasoline; \$693,692 is spent on equipment alone. A total of \$266,241 is spent on maintenance while the gasoline bill runs more than \$200,000 for 779,731 gallons of fuel. All these make up a sizeable contribution to the automotive and oil industries. This is only one instance where legal beer dealers contribute to the welfare and progress of their fellow Arkansians.

Local Couple Attends State Letter Carriers Convention

Mr. and Mrs. Loyce Anderson attended the 22nd Annual Convention of the Arkansas State Association of Letter Carriers and Auxiliaries, held in Pargould May 4 and 5, where there were approximately 25 cities represented with 175 members in attendance.

State president, Loyce Anderson, presided over the business session in which resolutions were passed endorsing an increase in the annual per capita tax for the National Association of Letter Carriers and also protesting the nomination of Harry Craig, action postmaster of Jonesboro, stating that employee morale in that office to be at an all time low.

The Prescott Ladies Auxiliary, whose president is Mrs. Morris Loe, won first place for their accomplishment in their auxiliary activities for the past year. This award was made for cities with a population not to exceed 19,000.

Mr. Anderson, retiring president was elected as Delegate-at-Large from the Arkansas State Association to attend the National Convention to be held in Minneapolis, Minn., August 20-25, 1956. Mrs. Anderson was re-elected by the Ladies Auxiliary for an unprecedented third term as State Organizer, and in addition was elected Delegate-at-Large to the National Convention.

The 1957 Convention will be held in Ft. Smith, Ark.

Mentalist to Start New TV Series

BY SAUL PETT

NEW YORK (AP) — Joseph Duninger, who calls himself the "master mentalist," begins a new ABC-TV series tomorrow night. He came into the office the other day for an interview and brief demonstration.

He is a big, graying man with a rather courtly, almost effusive manner of being not glad, but very glad, to see you. He also appeared nervous and quickly — he does most things quickly — explained why.

"I'm a thought reader," he said, "not a mind reader. The mind is too inclusive. I've been reading thoughts for more than 30 years and I still get nervous before a show. There are 101 things to worry about, especially on TV."

"If I ask a subject to concentrate on his birthday, will he really concentrate on his birthday or pick another date and try to trick me? Will the subjects be long-winded, will they take too long or talk too much—you know how precious time is in TV."

Duninger said he doesn't mind skeptics but people who fight him mentally upset him. He said he has good and bad days, depending on his own peace of mind at the moment and his physical well-being. Quite apropos of nothing, he said he had a terrible memory himself and before I could find out why he brought that up, he was racing off on a dozen other points.

"Many people have this special mental power I have without knowing it," he said. "I first noticed it when I was 7. A visitor would knock at our door and before it opened I'd tell my father his name. Most people don't realize—"

How could he tell the man's name—by reading his mind? And does that presume the man was concentrating on his own name while he knocked on the door?

"Oh, no, no, no," he said. "Association. Process of association. Now, you take a lot of people, they insist what I do are tricks. I'm a magician too," but when I say I read thoughts, I read them and there are no tricks involved."

and Mrs. N. B. Nelson. Dr. Nelson also attended an executive committee meeting of the Arkansas Optometric Association at the Marion Hotel.

Stuttgart Hikes Ark-La Taxes

STUTTGART (AP) — Utility franchise taxes in this east Arkansas town were set at a flat 4 per cent of gross income from residential and commercial customers by the City Council last night.

Arkansas Louisiana Gas Co.'s franchise tax, previously a straight fee of \$2,500 a year, would be boosted to more than \$9,000, based on last year's gross income.

Arkansas Power & Light Co. already is paying the city 4 per cent of its gross.

The ruling will raise the franchise tax of Southwestern States Telephone Co., from 3½ to 4 per cent.

Income from insutrial customers was exempted.

The council, in a unanimous vote, directed the city attorney to draw up an ordinance setting out the new franchise tax rate.

Around The World

MILAN, Italy (UP) — Dumb-founded Italy police vowed today that if they ever get Francesco Bosche back behind bars he will not get a soft prison barbaring job again.

Boschi parlayed the tools of his trade and a scheming mind to escape from the San Vittore jail yesterday.

Prison guards stood at attention as he sauntered out the front door, disguised as a lawyer in a grey flannel suit and a shaving brush beard.

It was the fourth successful jail break for the 49-year-old car thief. Previously he had escaped from Paris, Verona and Perugia jails.

Police said Boschi laid the groundwork for his plot carefully. He wrote a woman, whose name was not disclosed, asking her to send him a light grey flannel suit "for a quite important moment."

He wore the suit under his white barber apron when he reported for work yesterday morning. At the proper moment he complained of not feeling well and went into another room.

There he doffed his white apron put on a beard he had made from a shaving brush and completed the disguise with sunglasses, a briefcase and a snappy homburg. Then he walked into the hall where a group of lawyers was discussing forthcoming trials with prisoner-clients.

When the lawyers left, Boschi casually strolled out with them.

LONDON (UP) — Britain's campaign against the Mau Mau terrorists in the Kenya colony is in the "mopping up" stage, according to the colony's governor, Sir Evelyn Baring.

Baring arrived here yesterday to

discuss with Colonial Secretary Alan Lennox-Boyd security arrangements for the forthcoming visit of Princess Margaret to Kenya.

He said the fact that the princess will visit Kenya is proof that the Mau Mau troubles are just about over.

"It is still a military operation, but it is a mopping up operation," Baring said. The worst is very much over. Most of our efforts now are turned towards peaceful development."

He said Kenya's most acute problem now is rehabilitating the Kikuyu tribesmen and women who formerly were terrorists.

NEW DELHI, India (UP) — The Indian government has notified the United States it will have to pay customs duties on any materials it brings into the country for the new embassy to be built here,

Vanderbilt, Second Wife Separate

NEW YORK (AP) — Millionaire sportsman Alfred Gwynne Vanderbilt and his second wife have separated, New York newspapers reported today.

The Daily News and the Daily Mirror said Vanderbilt, 45, and his Auburn-haired wife, the former Jeanne Lourdes Murray, have signed a separation agreement. Details were not disclosed.

The couple eloped to Philadelphia Dec. 12, 1945. They have two children, Heidi, 7, and Alfred Jr., 6.

Informed sources said today the sources told United Press this would increase the cost of the building by \$200,000. They said the embassy staff was split over to make an issue of it.

Cain Changes Stand on Civil Rights

JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — Harry P. Cain, 30-year-old Republican, did not make a reputation for himself as a champion of individual rights or civil liberties while he was a member of the Senate from Washington from 1947 to 1953. Now, in a job given him by President Eisenhower after he lost the Senate seat in the 1952 election, he has become one of the most outspoken critics of the Eisenhower administration's security program.

In May 1953 Eisenhower appointed him to the Subversive Activities Control Board. For about a year and a half little was heard of Cain. Then in January 1955 he began his attacks on the program set up to get security risks out of the government.

His attacks have increased in intensity. Last Saturday, he took deliberate aim at Eisenhower's advisers, accusing them of keep-

ing from the President information about the damage he says the program is, and has been, doing to hundreds of government workers.

His complaint against the program can be summed up this way:

Government workers can't adequately defend themselves because the charges against them are too often too vaguely stated; the government takes far too long to reach decisions in their cases, leaving them dangling suspended and unemployed for months before clearing or firing them; after an ordeal like that these people remain frightened pigeons forever.

Asked in an interview why he didn't show similar consistent concern for the rights of individuals when he was in the Senate, Cain explained he was then less aware of individuals' problems. He noted that in those days he was mostly concerned with problems of economics, the armed services and government departments.

He said it was only after he went to the SACB, and learned of hardships suffered by individual government workers, that he began examining the security program. When he felt it was being

handled wrong, he said, he started talking.

Citing an April 17 speech in which Eisenhower said the Republicans "reject any attempt to treat individuals as serial numbers in the files of a government office," Cain said:

"I can point to hundreds of individuals who have been and are being treated as serial numbers and they are reacting as though they were. This is a 20th century American tragedy."

He said he knows of 416 persons—not one of whom, he said, had been accused of an over act in government jobs and were reinstated only after many months.

Cain said: "As matters stand, the President has no real knowledge about how individuals are being treated. Too many of those who let it be known that they represent, speak for, and protect him have never brought him face to face with what I am talking about."

Cain didn't identify the "too many of those." But he has addressed a copy of his speech directly to Eisenhower, with a note saying he did so to Sherman Adams, Eisenhower's key assistant.

Cain said yesterday he was con-

THE LONG BODY

CHAPTER XXVII

Basil stood in front of the old man and tried to catch his eye. "I know you can hear me, even if you cannot talk. A few days ago Mrs. Hazard tried to talk to you about Cristina and you managed to get out four words: 'She's not my daughter.' That puzzled Mrs. Hazard and stimulated her imagination to all sorts of speculations, but the explanation was really quite simple and obvious, wasn't it?"

Basil paused but there was no response in those eyes—neither grief nor fear nor guilt—so he went on.

"Cristina was your adopted daughter, wasn't she? Adoption was arranged much more easily in Mexico than in America now, and she was actually a Mexican by birth. She was smuggled over the border illegally just after a stringent immigration law had gone into effect. She was not legally adopted in this country and she could never be naturalized since she had not entered the country legally."

"She kept you with her after you became paralyzed because she couldn't afford to send you to a private institution and sending you to a state institution would have involved legal formalities which might have brought all these facts to light. When you said: 'She's not my daughter,' you were trying to disavow her as your real daughter and disassociate yourself from her because you disapproved of the course of action she had taken since you became paralyzed."

For the first time something like a gleam of intelligence came to the glazed eyes and the twisted lips parted. Basil leaned forward and caught a hoarse whisper: "Yes... yes..."

"So Mrs. Hazard was right about one thing. In a sense, you were Cristina's prisoner. She used you for her own purposes and she felt little affection for you."

The stiff hand tried to move and dropped back, helplessly.

"You would like to tell me something but you can't. It's up to you to determine just what it is. Your hand moved as well as your lips. Were you trying to show me something?"

The lips quivered, but no words came. The hand moved again and stopped.

"It can't be that you wish to tell me about the adoption. That would be a long story and you know you cannot say more than two or three words at a time. I believe you do want to show me something. Your hand has moved twice. I even think I can guess now what it is you wish to show me. What's the one place in this cottage that was guarded day and night? Your person. By day there was a nurse who was greatly troubled when Mrs. Hazard approached you. Cristina must have impressed upon her that you were to have no contact with anyone or she would lose her job. And by night, there was Christina herself. In other words, you were her perfect hiding place—a place that could always be guarded without rousing anyone's suspicion that it was a hiding place."

Ike to Take Physical Exam Friday

WASHINGTON (AP) — President Eisenhower said today he will undergo a new head-to-toe physical examination Friday, including a check on his heart condition.

Eisenhower made the announcement at a news conference. He had been asked whether he planned another fullscale checkup in advance of the Republican National Convention which opens in San Francisco Aug. 20.

Replying to the question, Eisenhower said that as a matter of fact he is going to have a major physical checkup day after tomorrow.

Calling it a head-to-toe examination, he said the checkup was not related specifically to the heart attack he suffered in Denver last Sept. 24.

But he added that during the course of the examination the doctors planned to check the condition of his heart with cardiograms and other usual procedures.

Eisenhower did not say what prompted the decision for another full scale checkup at this time.

In today's meeting with newsmen the President also discussed these other matters:

GEORGE — Asked for comment on the decision by Sen. George (D-Ga.), chairman of the Senate Foreign Relations Committee, against seeking another term, the President paid warm tribute to the 78-year-old Georgian. He said he has asked the senator to accept

some other post in the government in the field of foreign affairs. George himself said Eisenhower had asked him to be the President's personal representative to the North Atlantic Treaty Organization.

Eisenhower said that when he learned that George was thinking about leaving the Senate, he wrote the senator urging him not to end his service to the government, even if he did decide to leave the Senate.

Eisenhower said he had received assurances that George would never refuse to serve in any post if it were possible for him to accept it.

SECURITY — Discussing the case of Sidney Halin, Air Force economist who was suspended 14 months ago as a possible security risk, Eisenhower expressed confidence that Secretary of the Air Force Quaries will handle the matter with justice.

AIR POWER — Eisenhower said again that he believes emphasis should be placed primarily on having adequate all around military strength, including air power, rather than concentrating on having more of any one type of weapon than a potential enemy.

That was a follow up on his remarks last week that America will feel a lot better about its air power position when the full picture has been outlined by the Defense Department to a Senate investigating committee.

Romance Hits Big at St. Louis Zoo

ST. LOUIS (AP) — The St. Louis zoo's biggest romance is in the making.

A candidate for affections of the two-ton sea elephant Moby Dick has arrived by air from California, the 500-pound mate was termed a regular beauty in sea elephant circles yesterday by Zoo Director George P. Vierheller.

She already has shed her fur and is a fine jet black. The cow was kept in a separate enclosure overnight and was to be launched today in the pool where Moby Dick is king.

Vierheller hedged a little and called the candidate a prospective mate.

"Either side may be fickle and romance is impoderable," he declared.

Sperry Develops Target Finder

GREAT NCK, N. Y. (AP) — The Sperry Gyroscope Co. has announced development of an electronic control system for B-32 intercontinental jet bombers that enables their crews to "find and hit any target in the world in any weather."

The announcement yesterday quoted Air Force Secretary Donald Quarles as saying of the B52: "It's range, bomb load and highly skilled crews, couple with electronic equipment which enables it to find and hit any target anywhere in the world in any weather, constitute a weapons system which no other nation can match."

British Sub Damaged in Collision

PORTSMOUTH, England (UP) — The British submarine Talent was damaged yesterday when it collided with a large merchant ship off the Isle of Wight, the admiralty announced today. There were no casualties.

The admiralty said the small (1,090-ton) submarine with 70 men aboard was traveling at periscope depth in poor visibility when it hit the freighter and that it was possible the unidentified freighter did not know what it had hit.

The announcement said the submarine suffered superficial damage to its fin.

Its periscope was bent and the superstructure damaged. The talent was able to return to the submarine depot at Gosport under its own power.

A sister ship to the Talent, the Truculent, was sunk by the Swedish tanker Divine in the Thames estuary in 1950 with heavy loss of life. It was salvaged later and scrapped.

The tanker which hit the submarine was not immediately identified.

The Talent, formerly Thetisman, was carrying a crew of 60 men and ten naval students.

It was built in 1945 and is equipped with a "snorkel" breathing tube for long distance underwater cruising.

The talent was involved in an accident in December, 1954, when a caisson collapsed and the vessel was swept out of drydock while undergoing repairs.

It's Bigger than Both of 'em

-but its price makes it one of America's 3 best sellers!

It's as simple as this:

Only two cars in all creation outsell Buick. And they are two of the well-known smaller cars.

So maybe it will pay you to ask how come Buick has zoomed to the No. 3 spot with such fast-selling company.

Well, one answer is the beautiful and brawny Buick Special you see pictured here — and the low price it carries.

It's the biggest bundle of high-powered performance and high-fashion luxury ever offered in Buick's lowest-priced Series.

And that means more people want it and can afford it, because it's priced only a few dollars more than its two smaller-car rivals—even less than some models of those very same cars.

But the big answer comes from a sure fact more folks have discovered: you get more pure automobile for your money in Buick than you get elsewhere.

Here, you get the extra wallop of big new Buick power

raised to a new high — and pouring in smooth whisper from a brand-new 322-cubic-inch V8 engine of true high compression.

Here, you get the matchless buoyancy of Buick's great new ride—the extra-safe feeling of Buick's new handling ease—the extra stretch-out comfort of Buick roominess—the extra solidity and strength of Buick structure—the extra pride and prestige of Buick's new styling and dash.

Here, too — and nowhere else — you can get the silk-smooth performance and flash-fast response of Buick's advanced new Variable Pitch Dynaflow* — the world's only transmission with the gas-saving mileage and switch-pitch action of the modern airplane propeller.

This week—this very day, if you wish—you can sample all these Buick blessings to your heart's content and your pocket's joy. Why not drop in on us and do just that?

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

SID ROGERS BUICK CO.

304 East 3rd Street

Hope, Arkansas

rectly quoted in a 1955 Look magazine story which quoted him that Adams bawled him out for his attacks on the security program. The article had Cain saying of Adams:

"He gave me unshowered hell. I tried to explain the merits of my criticism of the security program. But he snorted: 'To hell with the merits. You understand this problem better than I do. But this is a team and you're expected to play on it.'"

Cain's term on the SACB ends in August. If Eisenhower doesn't reappoint him, it may kill Cain politically. If he remains in the public eye, it's possible he may run for the Senate in Washington in 1958.
